Independent Auditors' Report

Board of Directors The Food Bank of Central Louisiana Alexandria, Louisiana

Report on the Financial Statements

We have audited the accompanying financial statements of The Food Bank of Central Louisiana (a nonprofit organization), which comprise the statement of financial position as of June 30, 2022, and the related statements of activities, cash flows, and functional expenses for the year then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of The Food Bank of Central Louisiana as of June 30, 2022, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of The Food Bank of Central Louisiana and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The Food Bank of Central Louisiana's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and Government Auditing Standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and Government Auditing Standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The Food Bank of Central Louisiana's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The Food Bank of Central Louisiana's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal awards, as required by Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, and the schedule of compensation, benefits, and other payments to Jayne Wright-Velez, Executive Director paid with government funds are presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other

The Food Bank of Central Louisiana Page 3 November 14, 2022

records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Report on Summarized Comparative Information

We have previously audited The Food Bank of Central Louisiana 2021 financial statements, and we expressed an unmodified audit opinion on those audited financial statements in our report dated November 16, 2021. In our opinion, the summarized comparative information presented herein as of and for the year ended June 30, 2021, is consistent, in all material respects, with the audited financial statements from which it has been derived.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated November 14, 2022, on our consideration of The Food Bank of Central Louisiana's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of The Food Bank of Central Louisiana's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering The Food Bank of Central Louisiana's internal control over financial reporting and compliance.

Note 1 - Nature of Activities and Significant Accounting Policies

Nature of Activities

The Food Bank of Central Louisiana (Food Bank) is a not-for-profit organization that gathers, stores and redistributes food to individuals and charitable organizations and churches that serve the needy. Food sources include donations from individuals, corporations and organizations; purchased food; and the USDA Commodities program.

During the year ended June 30, 2011, the Food Bank began the Good Food Project. The project supplies the Food Bank with fresh produce to distribute and working with other organizations and individuals to start other community gardens. The project also helps promote healthy eating, through locally grown produce to the community, encourage local farmers and other food producers to participate in a local food network, and target education for needy clients of the Food Bank on healthy eating and growing produce.

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with the generally accepted accounting principles. Net assets and revenues, expenses, gains, and losses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, net assets of Food Bank and changes therein are classified and reported as follows:

Net Assets without Donor Restrictions - Net assets not subject to donor-imposed stipulations.

Net Assets with Donor Restrictions – Net assets subject to donor-imposed stipulations that may or will be met, either by actions of Food Bank and/or the passage of time or be permanently maintained by Food Bank. When a restriction expires, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statement of activities as net assets released from restrictions.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Accordingly, actual results could differ from those estimates. Significant estimates have been applied in the determination of donated food values and depreciation in preparation of the accompanying financial statements.

Note 1 – Nature of Activities and Significant Accounting Policies (Continued)

Cash and Cash Equivalents

Cash and cash equivalents include all monies in banks and highly liquid investments with original maturities of less than three months.

Revenue Recognition and Promises to Give

Contributions are recognized when the donor makes an unconditional promise to give to the Food Bank. All donor-restricted contributions are reported as increases in temporarily or permanently restricted net assets depending on the nature of the restrictions. When a restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets.

Functional Allocation of Expenses

The costs of providing the various programs and activities have been summarized on a functional basis in the statements of activities. Accordingly, certain costs have been allocated among the programs and supporting services benefited.

Income Taxes

The Food Bank is a not-for-profit organization as described in Section 501(c)(3) of the Internal Revenue Code and is exempt from federal and state income taxes on related income pursuant to Section 501(a) of the Internal Revenue Code.

Food Inventory

Donated and Purchased – Food inventory, predominately donated, is reported at fair value as determined by pricing guidelines produced by *Feeding America*. Donated food inventory received is recorded as unrestricted revenue at an amount equal to the determined value in accordance with the aforementioned guidelines.

Commodities – Commodities inventory is reported at fair value as determined by the commodities price listing produced by the Louisiana Department of Agriculture and Forestry. Commodities inventory received is recorded as temporarily restricted revenue at an amount equal to the determined value in accordance with the aforementioned guidelines.

Property and Equipment

Property and equipment are stated at cost. Additions, renewals and betterments that extend the useful life of the assets are capitalized. Maintenance and repair expenditures are expensed as incurred. Provisions for depreciation and amortization are computed using the straight-line method over the assets' useful lives, which range from 3 to 39 years. Capitalization threshold of \$2,500 is used.

Note 1 - Nature of Activities and Significant Accounting Policies (Continued)

Accounts Receivable

The Food Bank determines past-due accounts based on contractual terms of net 30 and does not charge interest on the accounts. The Food Bank charges off receivables if management considers the collection of the outstanding balance to be doubtful. No allowance is recorded because management believes all accounts to be collectable.

Pledges Receivable

The Food Bank determines past-due pledges based on the terms of the pledges. The Food Bank charges off pledges if management considers the outstanding balance to be uncollectible. Allowance for doubtful accounts is computed using the aging of the receivable.

Note 2 - Pledges Receivable

Pledges receivable are presented at their net present value. The net present value was calculated using the five year Treasury Note rate of 0.87%. Pledges receivable are due as follows:

		Gross	Net Present
	Year Due	Amount	<u>Value</u>
	2023	\$84,713	\$84,713
	2024	16,900	16,392
	2025	10,000	9,408
	2026	9,250	8,440
	2027	5,000	4,425
Allowance for Total	doubtful accounts	\$125,863	123,378 (20,518) \$102,860
Reported as	Short-term pledges receivable Long-term pledges receivable		\$64,701
	Total		\$102,860

Note 3 - Investments

Food Bank has one investment account that houses its endowment and is held at a regional investment company. The account has investments in several different marketable securities and cash.

The investment account is reported as

Short-term investment	\$1,028,087
Long-term investment	_1,278,979
Total	\$2,307,066

Details regarding amount reported as investment income are presented as follows:

Description Interest and Dividends Unrealized Loss	\$110,665 (527,649)
Total Investment Loss	(\$416,984)

Note 4 - Fixed Assets and Depreciation

The following schedule summarizes estimated useful life, cost and accumulated depreciation of property, plant and equipment as of June 30, 2022:

Description	Life	
Equipment	5 - 7 years	\$1,453,761
Building	39 years	3,834,800
Land		90,647
Less: Accumulated Depreciation		(1,832,922)
Net Fixed Assets		\$3,546,286

Depreciation expense for the year ended June 30, 2022 was \$252,259.

Note 5 - Restricted Cash

Restricted cash as of June 30, 2022 totaled \$724,746, and were restricted for the following purposes:

Restriction	Amount
Good Food Project	\$270,456
Capacity Building	302,280
Child Nutrition	16,122
Mobile Pantries	41,300
Cold Storage	10,520
Food Purchase	9,073
Backpack	69,235
FEMA	5,760
Total	\$724,746

FEMA requires that the funds be kept in a separate bank account.

Note 6 - Donor Restricted Net Assets

Donor restricted net assets as of June 30, 2022 total \$3,333,876, and were restricted for the following purposes:

Restriction	<u>Amount</u>
Good Food Project	\$270,456
Rural Mobile Pantry	41,300
Capacity Building	464,857
Consulting	4,000
Food Purchase	9,073
Cold Storage	17,500
BackPack Program	69,235
Child Nutrition	16,122
FEMA Food Purchase	5,760
USDA Commodities Inventory	1,156,594
Endowment	1,278,979
Total	\$3,333,876

Note 7 - Donated Food

Activity of donated food inventory is summarized as follows:

without Donor Restriction Beginning Inventory without Donor Restriction Donations received Purchases	\$ 768,634 10,040,246 422,445
Distributed, discarded and adjustments	(10,710,711)
Ending Inventory without Donor Restriction	520,614
with Donor Restriction Beginning Inventory with Donor Restriction Donations received Distributed, discarded and adjustments Ending Inventory with Donor Restriction	696,394 4,427,890 (3,967,690) 1,156,594
Total Ending Inventory	\$1,677,208

Note 8 - Donated Services

Unpaid volunteers have made significant contributions of their time to the Food Bank. The value of the contributed time is not reflected in these statements since it is not susceptible to an objective measurement.

Note 9 - Retirement Plan

The Food Bank adopted a Simple Plan for its employees. The Plan covers all full time employees who have completed at least one year of service. The Food Bank is obligated to match up to 100% of an employee's deferred amount, which cannot exceed 3% of their pay. The Food Bank contributed \$7,908 to this Plan during the year ended June 30, 2022.

Note 10 - Leases

The Food Bank is obligated to the following leases, which are classified as operating leases:

- a) Copier Lease This lease was entered into on November 10, 2005, and is for \$350 per month on a month to month basis.
- b) Reefer Trailer Leases The Food Bank leased several reefer trailers to hold inventory that needed to be refrigerated or frozen. These leases were month to month leases and lease payment amount depends on the number of hours the trailer was running. The average payment for the year was \$2,604 per month per trailer.

The total lease payments made during the year ended June 30, 2022 was \$172,965.

Note 11 - Notes Payable

Note payable to Chandler Corporation, LLC for purchase of building located at 3142 Baldwin Avenue, Alexandria, LA; dated December 20, 2012; collateralized by same building; payable in 120 monthly payments of \$3,219.59; with interest rate of 6.00%.

\$16,097

Note payable to Recycling Services of Louisiana, LLC for the purchase of a cardboard bailer; dated May 12, 2017; no cash payments are required; the bailed cardboard sold will be applied to the balance due; there is no stated interest rate.

7,931

279,381

Note payable to Chandler Corporation, LLC for purchase of building located at 3203 Baldwin Avenue, Alexandria, LA; dated May 1, 2021; collateralized by same building; payable in 36 monthly payments of \$12,514.76; with interest rate of 3.00%.

 Total
 303,409

 Less current portion
 (167,484)

Total long term notes payable \$135,925

Future maturities of notes payable as of June 30, 2022 were as follows:

Years Ended	
June 30	Amounts
2023	\$167,484
2024	\$135,925

Note 12 - Fair Value Measurement

FASB ACS 820-10, Fair Value Measurement, defines fair value, establishes a framework for measuring fair value, establishes a three-level valuation hierarchy for disclosure of fair value measurement and enhances disclosure requirements for fair value measurements. The valuation hierarchy is based upon the transparency of inputs to the valuation of the fair value of an asset or liability as of the measurement date. The three levels are defined as follows:

Note 12 - Fair Value Measurement (Continued)

- Level 1 Represented by quoted prices that are available in an active market. Level 1 securities include cash, checking, savings and money market accounts, certificates of deposit, highly liquid government bonds, treasury securities, mortgage products and exchange traded equities.
- Level 2 Represented by assets and liabilities similar to Level 1 where quoted prices are not available, but are observable, either directly or indirectly through corroboration with observable market data and estimated using pricing models or discounted cash flows. Level 2 securities would include U.S. agency securities, mortgage-backed agency securities, obligations of states and political subdivisions, and certain corporate, asset backed securities, and swap agreements.
- Level 3 Represented by financial instruments where there is limited activity or unobservable market prices and pricing models significant to determining the fair value measurement include the reporting entity's own assumptions about the market risk. Level 3 securities would include hedge funds, private equity securities, and private investments in public entities.

Fair value of assets measured on a recurring basis at June 30, 2022 are as follows:

	Fair Value Measurement at June 30, 2022 Using			
Description	Fair Value	Level 1	Level 2	Level 3
Cash	\$4,498,482	\$4,498,482	\$ -	\$ -
Investments	\$2,307,066	\$2,307,066		

Note 13 - Endowment Funds

The Food Bank's endowment consists of one investment account to provide unrestricted annual distributions in support of the Food Bank.

Endowment Spending Policy

The Food Bank has a policy of quarterly cash payout from endowed and quasi funds based on a stated formula. The formula is based on the fair market value of the twelve quarterly ending balances of fund prior to the state of each January. These funds can be used for operations. Payouts will begin July 2022. The board will determine the payout percentage each year not to exceed 4%.

Endowment Investment Policy

The obligation of the Food Bank is long-term in nature; consequently, the investment of the endowment assets has a long-term focus. The endowment assets are invested in accordance with sound investment practices that emphasize long-term investment fundamentals. The investment objective for the portfolio assets is to maintain the highest fiduciary standards.

Note 13 - Endowment Funds (continued)

The board of directors expects performance to be comparable to benchmarks as referred to in the endowment policy. The Food Bank has an assets allocation strategy that is a mix of fixed and equity investments.

Changes	in	Endowment Ne	et Assets
---------	----	--------------	-----------

es in Endowment Net Assets	Without Donor Restrictions	With Donor Restrictions	<u>Total</u>
Balance June 30, 2021 Contributions Investment Loss Withdrawals	\$1,452,704 - (424,617)	\$1,278,979 - -	\$2,731,683 (424,617)
Balance June 30, 2022	\$1,028,087	<u>\$1,278,979</u>	\$2,307,066

Endowment Net Assets Composition by Type of Fund

	Without Donor Restrictions	With Donor Restrictions	<u>Total</u>
Donor-Restricted	\$1,028,087	\$1,278,979	\$2,307,066

Note 14 - Concentrations of Risk

Inventory donations make up approximately 86% of the Food Bank's operating revenues for the year ended June 30, 2022. The majority of the inventory donations are received from Feeding America and U.S. Department of Agriculture through the Louisiana Department of Agriculture and Forestry. The Food Bank is dependent on continuing support by these agencies.

The Food Bank maintains cash balances at a regional and national bank. Accounts at each institution are insured by the Federal Deposit Insurance Corporation (FDIC) up to \$250,000. At June 30, 2022 cash on deposit that was in excess of the federally insurance limits was \$3,878,880 with the regional bank and \$166,724 with the national bank.

Note 15 - Liquidity and Availability

Financial assets available for general expenditure, that is, without donor or other restrictions limiting their use, within one year of the statement of financial position date, comprise the following:

Cash and cash equivalents Investments	\$3,600,179 	
Total	\$4,628,266	

As part of the Organization's liquidity management, it has a policy to structure its financial assets to be available as its general expenditures, liabilities and other obligations come due.

Note 16 - Income Taxes

As of June 30, 2022, tax years 2019 and subsequent were still within the prescription period for examination by taxing authorities. As of the date of the report, the 2022 return has not been filed.

Note 17 - Contingent Liabilities

The Food Bank was not in compliance with the Americorp grant operated during the year end June 30, 2022. The non-compliance was not discovered until August 1, 2022. See Note 18 that discussed the events that took place after year end. Thirty four compliance issues were discovered. Seventeen members did not have the required program adjudication. Eleven members did not have the required Fieldprint results at the start of service. Five member did not have the required Fieldprint checks. One member had the required Fieldprint results but was not cleared to serve. A contingent liability of \$32,106 is included in payables and the grant revenue related to the Americorps grant was reduced by the same amount.

On September 22, 2021 an employee was terminated for cause. After the terminated the employee filed a complaint with the U.S. Equal Employment Opportunity Commission for wrongful termination. The Food Bank filed a claim on their insurance policy and an attorney was hired to represent the Food Bank. The Food Bank has adequate coverage to cover any damages that could be assessed, therefore no liability has been recorded related to the complaint. See Note 18 for events related to the compliant after the year end.

Note 18 - Subsequent Events

On August 1, 2022, the Food Bank terminated the employment of the program director of the Americorps grant. It was then discovered that the program director was not complying with all the requirements of the grant. The Food Bank self-reported the compliance issues with the grantor and took steps to mitigate the compliance issues down from 34 to 20. The State of Louisiana responded on October 28, 2022, to the self-reporting of the compliance issues discussed in Note 17. The response outlines the steps the Food Bank must follow to come back into compliance with the grant. The Food Bank must reimburse the program \$32,106. The reimbursement has been recorded as payable and reduced the grant revenue for the year end June 30, 2022. The Food Bank staff associated with the grant must complete two training courses and update their policy to address the compliance issues. These corrective actions must be completed by December 1, 2022. The Food Bank is also required to do additional reporting to the grantee for the remainder of the grant.

On November 1, 2022, the U.S. Equal Employment Opportunity Commission issued a determination and notice of rights letter to the terminated employee informing them that the investigation would not proceed further. The letter also states that the terminated employee has 90 days to file a lawsuit. No lawsuit has been filed as of the date of this report.

As of September 30, 2022, which is the date of the last investment statement, the value of the investments had fallen by 5.9% to \$2,170,387.

Subsequent events have been evaluated through November 14, 2022, which is the date the financial statements were available for issuance.

Reports on Internal Control, Compliance and Other Matters

John E. Theriot II, CPA, CGMA Dona C. Manuel, CPA Stephanie R. Lemoine, CPA

Independent Auditors' Report on Internal Control over Financial Reporting and on Compliance and Other Matters based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards

Board of Directors The Food Bank of Central Louisiana Alexandria, Louisiana

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of The Food Bank of Central Louisiana (a nonprofit organization), which comprise the statement of financial position as of June 30, 2022, and the related statements of activities and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated November 14, 2022.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered The Food Bank of Central Louisiana's internal control over financial reporting (internal control) as a basis for designing the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of The Food Bank of Central Louisiana's internal control. Accordingly, we do not express an opinion on the effectiveness of The Food Bank of Central Louisiana's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

The Food Bank of Central Louisiana Page 2 November 14, 2022

Compliance and Other Matters

As part of obtaining reasonable assurance about whether The Food Bank of Central Louisiana's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and which are described in the accompanying schedule of findings and questioned costs as items 2022-001 and 2022-002.

Food Bank of Central Louisiana's Response to Findings

Government Auditing Standards requires the auditor to perform limited procedures on the Food Bank of Central Louisiana's response to the findings identified in our audit and described in the accompanying schedule of findings and questioned costs. The Food Bank of Central Louisiana's response was not subject to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose. Under Louisiana statutes, this report is distributed by the Legislative Auditor as a public document.

Knight Masden Alexandria, Louisiana November 14, 2022

Independent Auditor's Report on Compliance for Each Major Program and on Internal Control over Compliance Required by the Uniform Guidance

Board of Directors The Food Bank of Central Louisiana Alexandria, Louisiana

Report on Compliance for Each Major Federal Program Opinion on Each Major Federal Program

We have audited The Food Bank of Central Louisiana's compliance with the types of compliance requirements identified as subject to audit in the *OMB Compliance Supplement* that could have a direct and material effect on each of The Food Bank of Central Louisiana's major federal programs for the year ended June 30, 2022. The Food Bank of Central Louisiana's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, The Food Bank of Central Louisiana complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2022

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepts in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller Generally of the United States and the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditors' Responsibilities for the Audit of Compliance Section of our report.

We are required to be independent of Food Bank of Central Louisiana and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the Food Bank of Central Louisiana's compliance with the compliance requirements referred to above.

The Food Bank of Central Louisiana Page 2 November 14, 2022

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the Food Bank of Central Louisiana's federal program.

Auditors' Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the Food Bank of Central Louisiana's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, Government Auditing Standards, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the Food Bank of Central Louisiana's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, Government Auditing Standards, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design
 and perform audit procedures responsive to those risks. Such procedures include examining, on a test
 basis, evidence regarding the Food Bank of Central Louisiana's compliance with the compliance
 requirements referred to above and performing such other procedures as we considered necessary in
 the circumstances.
- Obtain an understanding of the Food Bank of Central Louisiana's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the Food Bank of Central Louisiana's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Other Matters

The results of our auditing procedures disclosed instances of noncompliance which are required to be reported in accordance with the Uniform Guidance and which are described in the accompanying schedule of findings and questioned costs as items 2022-001. Our opinion on each major federal program is not modified with respect to these matters.

The Food Bank of Central Louisiana Page 3 November 14, 2022

Government Auditing Standards requires the auditor to perform limited procedures on the Food Bank of Central Louisiana's response to the noncompliance findings identified in our audit described in the accompanying schedule of findings and questioned costs. The Food Bank of Central Louisiana's response was not subjected to the other auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

Report on Internal Control Over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose. Under Louisiana statutes, this report is distributed by the Legislative Auditor as a public document.

B. Findings - Financial Statement Audit

INTERNAL CONTROL AND COMPLIANCE FINDING

2022-001 Subrecipient Monitoring

Condition:

All subrecipients receiving USDA commodities did not undergo an annual review in a timely manner.

Criteria:

All subrecipients receiving USDA commodities must undergo an annual review every 12 months.

Effect:

The Food Bank is not in compliance with grant requirements.

Cause:

There was one agency that did not have an annual review.

Recommendation:

The Food Bank should change the review date in the system when the review is actually performed and not scheduled.

Response:

See Management's Corrective Action Plan for their response.

The Food Bank of Central Louisiana Schedule of Findings and Questioned Costs For the Year Ended June 30, 2022

2022-02 AmeriCorps Eligibility

Condition:

All AmeriCorps participants did not undergo the correct eligibility testing before starting with the program.

Criteria:

All participants in the AmeriCorps program should undergo Fieldprint checks prior to the start of service and go through the program adjudication.

Effect:

The Food Bank is not in compliance with grant requirements and is not required to reimburse the grant.

Cause:

Seventeen members did not have the required program adjudication. Eleven members did not have the required Fieldprint results at the start of service. Five member did not have the Fieldprint checks. One member had required Fieldprint results but was not cleared to service.

Recommendation:

Human resources supervisor should sign off on all AmeriCorps hires before they begin employment to verify all necessary eligibility criteria are met.

Response:

See Management's Corrective Action Plan for their response.

C. Findings and Questioned Costs - Major Federal Award Programs Audit

DEPARTMENT OF AGRICULTURE

Passed through the State of Louisiana

No Findings

The Food Bank of Central Louisiana Management's Corrective Action Plan For the Year Ended June 30, 2022

2022-001 Subrecipient Monitoring

Condition:

All subrecipients receiving USDA commodities did not undergo an annual review in a timely manner.

Response:

The subrecipient agency that was not monitored during the 12-month window was scheduled to be monitored by the Agency Relations Coordinator. At the time of the appointment, the staff of the subrecipient agency had COVID and the agency was in lockdown. The appointment was not rescheduled. The monitoring dates for subrecipients will be entered after the monitoring visit occurs.

Implementation Date:

The Food Bank of Central Louisiana Management's Corrective Action Plan For the Year Ended June 30, 2021

2022-02 AmeriCorps Eligibility

Condition:

All AmeriCorps participants did not undergo the correct eligibility testing before starting the program.

Response:

Management identified accountability issues with the implementation of the AmeriCorps grant. The supervisor immediately responsibility for the recruiting, determining eligibility, retaining records, and supervision of the AmeriCorps members, was terminated for cause.

Management self-reported issues of noncompliance with the AmeriCorps grant to Volunteer Louisiana as it began to correct the issues. Management has hired a new supervisor for the grant. Management has also initiated a new plan with multiple checks and balances to ensure that all new AmeriCorps members complete the required components of the process prior to beginning service with the program.

Management will complete all of the required steps outlined by Volunteer Louisiana in compliance with the terms of the grant.
